Where do you want to sell your products?

Language

Listings can only be displayed in your site language. [Read more](#)

☒ English

Location

Your store should already have the appropriate shipping and tax rates (if required) for potential customers in your selected location(s).

☒ Selected countries only

India X

Can't find a country? Only supported countries can be selected.

☐ All countries

Your listings will be shown in all supported countries.

Shipping rates

Your estimated shipping rates and times will be shown to potential customers on Google. [Read more](#)

☒ **Recommended:** Automatically sync my store's shipping settings to Google.

My current settings and any future changes to my store's shipping rates and classes will be automatically synced to Google Merchant Center.

☐ My shipping settings are simple. I can manually estimate flat shipping rates.

☐ My shipping settings are complex. I will enter my shipping rates and times manually in Google Merchant Center.

If you are in the European Economic Area or Switzerland, your Merchant Center account must be associated with a Comparison Shopping Service (CSS). Please find more information at [Google Merchant Center Help](#) website.

If you create a new Merchant Center account through this application, it will be associated with Google Shopping, Google's CSS, by default. You can change the CSS associated with your account at any time. Please find more information about our CSS Partners [here](#).

Once you have set up your Merchant Center account you can use our onboarding tool regardless of which CSS you use.
